

Project Title: HUSH (Harmonization of Urban noise reduction Strategies of Homogeneous action plans)

Programme: Life+

Municipality of Florence: Coordinator

Reference Unit: Department of Environment

Budget: € 1.827.154,00

Status: Completed

Opening date: 01/01/2010

Closing date: 30/06/2013

Submitted: 2008

Partnerships: Soc. VIE.EN.RO.SE Ingegneria, Università di Firenze, Arpat, Ispra (Italy).

Objectives and activities: The general objective of this project was to harmonize national legislations on noise management. This was with the relevant European directive to make homogeneous noise action plans, which could contribute to transposition, implementation, and enforcement of a common or harmonized legislation among European countries.
